As you spend time volunteering, you'll also learn about social issues that affect Maya youth today.

SAMPLE ITINERARY: DAILY BREAKDOWN

Actual schedule of activities will vary by program session. The information detailed here is typical for what you can expect to experience; however, service work and activities vary depending upon the needs of our local community partners, various celebrations and customs, as well as the weather and specific needs of the student group.

DAYS 1 - 2: GETTING ORIENTED

Fly into La Aurora International Airport in Guatemala City, where you'll be met at the airport by a GLA staff member. We'll drive to the colonial town of Antigua, where you'll meet the other students and we'll begin our orientation. Learn about some important cultural norms in Guatemala, review the GLA Code of Conduct and start to get to know each other as we begin this exciting journey.

You'll also meet with local Maya women who will teach us the ancient customs of the Maya wedding ceremony. After the interactive presentation, you will have the opportunity to make tortillas and see how coffee was traditionally roasted. On the way to Home Base in *Xela*, visit the ancient ruins of *Iximche*, the old capital of the *Kaq'chikel* kingdom. At the ruins, listen to a short presentation on Maya culture by our guide, a local anthropologist.

DAYS 3 - 7: SERVICE & ADVENTURE

You'll begin your community service project at the local school early the next morning. On the first day, meet with the teachers so you can learn more about the socioeconomic situation of the community served by the school. Understanding the big picture will help you do a better job at making a difference to local children's lives.

At mid-day, participate in the crazy adventure that is recess! Our small group of GLA volunteers will get to play with hundreds of excited Guatemalan elementary schoolers. Piggyback rides, jumping rope and soccer are all a must—and this scene of constant laughter, energy and enthusiasm will set the tone for the rest of your community service at the school.

Take your spot at the front of the classroom and begin helping children with projects to improve their English. Lead them in art, conversation and learning games, and evaluate the effectiveness of the methods you and your peers choose. Volunteering daily at school will shed light on the issues unique to this country, such as education, children's issues and preserving indigenous culture.

In the afternoons, you'll participate in various cultural activities. Visit a colorful church in San Andres Xecul, take part in a hands-on textile workshop taught by local weavers, zipline through the forest and enjoy natural hot springs. Dive into Maya cosmology by visiting a sacred mountain, where a local Maya shaman will share an ancient religious ceremony. You'll even participate in a chocolate workshop and take a class on salsa dancing!

DAYS 8 - 9: WEEKEND EXCURSION

On Saturday morning we'll drive to Lake Atitlán, the sacred lake of the Mayans and one of the most beautiful lakes in the world. Spend the day surrounded by incredible scenery, enjoying a boat ride out to one of the Maya villages and strolling through town while exploring local artisan markets. We'll spend the night at a lakeside hotel. On Sunday, we'll leave Lake Atitlán early in the morning to travel to *Chichicastenango*, the largest Maya craft market in the hemisphere. Artisans from all over the country come to this open air market —it's truly a sight to behold.

DAYS 10 - 12: SERVICE & ADVENTURE

Get ready to wrap up your service projects at the school, including teaching final lessons to the kids, planting trees to beautify campus, painting a mural or any other projects that you've become involved in to address community needs.

DAY 13: ADVENTURE & CELEBRATION

Our group departs Xela early in the morning to head back to Antigua, where you'll spend your last afternoon exploring the colonial city and doing any last-minute shopping. We'll also get to visit an organic coffee plantation(which offers samples—yum!). That night, we'll go out for a farewell dinner and have a final reflection on our time in Guatemala.

DAY 14: DEPARTURE

After breakfast and final goodbyes, we'll travel to the airport to begin our journey home. GLA staff will ensure that you're checked-in for your flight and are prepared for the trip home.

NOTICE ON PROGRAM UPDATES

Every year brings new and exciting opportunities for experiences we can offer students on our programs. While this program is being planned for 2021, some activities or details may change between now and the program start date. Please note that references from past participants and previously published information may not accurately reflect every aspect of this program. Refer to the sample itinerary above or to the GLA website for the most up-to-date version of program activities, and please note that further updates may be made between now and the program start date.

POSSIBLE CHANGES TO PROGRAM ACTIVITIES DUE TO COVID-19

Due to the global pandemic caused by COVID-19 outbreaks around the world, please note that program activities may change in order to accommodate COVID-19 regulations. In particular, service projects and other activities that typically involve close contact or engagement with members of the local community may be curbed, altered or skipped depending on staff evaluations on the ground and/or at the discretion of our Executive Director and Director of Program Operations & Risk Management. Every effort will be made to provide an exceptional experience on-location, at whatever level of community interaction is deemed safe at the time.

TRAVELING TO GUATEMALA

GLA HOME BASE | Home Base is a lodge in the heart of Xela offering students a peaceful escape after long days of service and adventure. Students live in gender-segregated rooms with 2-4 bunk beds per room, depending on the size of the rooms. Bathrooms are shared and hot showers are available. Home Base is quaint and provides groups with a strong sense of community.

FOOD | Meals in Guatemala frequently include a delicious, sweet herbal tea and homemade tortillas. Chicken, rice and beans are staples, along with vegetables and plantains. Traditional Guatemalan dishes will be the norm at Home Base, but we will occasionally have American food as well, like pasta and sub sandwiches.

CLIMATE | In general, the climate in Xela can go from mild to chilly, with sporadic warm episodes. The daily high is usually reached around noon. From then on, temperatures decrease exceptionally fast into the 50s. You'll be in Guatemala during its rainy season, but on the days that it rains, expect only scattered showers.

LEADERSHIP

Global Leadership Adventures started as an educational institute, so we continue to think and act like educators—not tour operators—as we deliver life-changing programs. We intentionally weave a leadership curriculum into the daily experience on our programs. Through group discussion, meaningful service, workshops, speakers and excursions, staff guide students to reflect on program events through the lens of leadership, and celebrate outstanding examples of leaders they encounter in the local community. Lending this context to the experience creates opportunities for students to dig deep into their vision, purpose and knowledge of themselves and the world.

ABOUT GLOBAL LEADERSHIP ADVENTURES

Global Leadership Adventures was founded in 2003 by Fred Swaniker, a native of Ghana, TED Fellow and educational entrepreneur whose work has been praised by Barack Obama. Born as a global extension of the revolutionary African Leadership Academy, Global Leadership Adventures now operates programs centered around leadership, sustainable community service projects, and meaningful travel across Africa, Asia, Europe or the Americas. Through life-changing adventures, we strive to inspire the next generation to realize their potential to transform the world and their role in it.

Our Expectations

Be present

Our mission at GLA is “to inspire the next generation to realize their potential to transform the world and their role in it.” To that end, we expect GLA students to maintain high standards of personal behavior and to be open-minded. The culture may be different, sometimes shockingly so. GLA will challenge students as they are expected to work hard and be present physically and mentally for all activities. We also ask students to take a step back from regular use of technology - particularly their smartphones - so as to maximize their engagement with the program and their fellow participants. Students may get hot, dirty and bug-bitten along the way, but their contribution can transform the community. The goal is for each student to return home having had a life-changing experience.

No tolerance

GLA has a no-tolerance policy towards drugs, alcohol, tobacco and disruptive behavior. Those who violate or are suspected of violating this policy will be immediately dismissed from the program at the sole discretion of GLA staff.

Community-Led experiences

GLA makes every effort to offer thoughtfully crafted programs for teens and young adults. Detailed planning and exhaustive communications with partners are indispensable parts of our program development process. However, occasionally service and activities are adjusted from session to session, due to weather, changing needs of our local community partners and/or various cultural celebrations and customs. We expect participants to be open-minded and flexible, willing to embrace the experience when plans change. GLA makes every effort to communicate adjustments to students and families with advance notice. We expect you to be open-minded and flexible.

Mentorship

GLA is not a therapy program. Our staff are highly skilled, professional, caring and fun, but they are not licensed therapists. GLA programs can be physically and emotionally demanding, and applicants should be in good physical and mental health.
